SUMMARY

Experienced MERN Stack Developer skilled in building responsive and scalable web applications using JavaScript, React.js, Node.js, and MongoDB. Strong collaborator with a focus on delivering high-quality user experiences. Proficient in integrating secure payment systems and developing platforms using modern web technologies

WORK EXPERIENCE

MERN Stack Developer Intern, Stack Centre, Kasaragod

Feb 2024 - Present

- Developed web applications using the MERN stack, ensuring scalability and performance.
- Collaborated with teams to design and implement features, enhancing user experience.
- Participated in code reviews to maintain high code quality and optimize backend processes.
- Assisted in gathering requirements and translating them into technical solutions.

EDUCATION

Diploma in Software Development

Jan 2023 - 2024

Institute of Software Development

- Specialization in Full-Stack Development.
- Completed projects focused on modern web technologies like React.js, Node.js, and MongoDB.

Higher Secondary Education (Science)

Jul 2019 - Mar 2021

Focus on Biology and Mathematics

- Developed a strong foundation in biological sciences and quantitative analysis.
- Participated in laboratory experiments and math competitions, demonstrating skills in research and problem-solving.

FREELACE PROJECTS

Air Djibouti Official Flight Booking Website | [Link](#)

Description : Collaborated with a team to develop a flight booking platform with features like flight search, ticket booking, and secure payment integration. Contributed to interactive booking features and optimized the checkout process.

Learning Management System (LMS) for an Stack Institute | [Link](#)

Description : Solely designed and developed a feature-rich LMS tailored for educational use, enabling advanced teacher-student management, real-time communication, and performance tracking.

Key Features:

- Advanced student tracking for attendance, grades, and performance.
- Real-time chat for teacher-student interaction.
- Assignment management system with notifications.

IRIS Institute Official Website | [Link](#)

Description : Worked with a team to create a modern and informative website for the IRIS Institute of Paramedical Science. Focused on frontend design and basic backend integration, ensuring a clean and user-friendly interface.

Infiniti Official Clothing Brand Website | [Link](#)

Description : Solely developed a responsive e-commerce platform for Infiniti, a clothing brand. Designed a user-friendly interface for browsing, purchasing, and tracking sales. Ensured seamless functionality for managing orders and sales insights.

PERSONAL PROJECTS

Skillera

- Created an LMS platform with responsive design and smooth user experience.
- Integrated Stripe for secure payments, Cloudinary for media management, and user management features.
- Project URL: [Skillera](#) | [GitHub](#)

AspireLink
